SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

Forward-looking statements in this release include, but are not limited to, statements regarding: the Company's objectives and milestones; the advancement of the Panuco Project through permitting, potential construction and potential production; the Company's targeted timeline for first silver production; and the Company's long-term growth strategy, including its ability to enhance shareholder value through project development and operational execution.

Forward-looking statements are based on a number of assumptions believed to be reasonable by the Company as of the date of this release, including, without limitation: that required permits and approvals will be obtained in the expected timeframe; continued community and government support; stability in market, political and economic conditions; reasonable accuracy of operating and capital cost estimates; and continued favourable metal prices and exchange rates.

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause actual results to differ materially. Such risks include, but are not limited to: exploration, development and operating risks; permitting, environmental and regulatory risks; community relations and social licence risks; commodity price and currency fluctuations; inflation and cost escalation; financing and liquidity risks; reliance on contractors and suppliers; title and surface rights risks; changes in project development and construction parameters; inaccuracies in technical or economic modelling; the risk that the Feasibility Study assumptions prove inaccurate; and other risks described in the Company's continuous disclosure filings available under its profile on SEDAR+ at www.sedarplus.ca.

There can be no assurance that the Panuco Project will be placed into production as proposed in this news release or at all or that the results of the Feasibility Study will be realized. The purpose of the forward-looking statements is to provide information about management's current expectations and plans and may not be appropriate for other purposes. Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date of this release. Except as required by applicable law, the Company undertakes no obligation to update or revise any forward-looking statements contained herein.

No Production Decision: The Company has not made a production decision for the Panuco Project. A decision to proceed with construction will only be made following the completion and review of detailed engineering, financing arrangements, and receipt of all required permits and approvals.
